

MBTI & You

This full-day session asks participants to complete the Myers Briggs Type Indicator online, before they arrive for the program. Sessions include an overview of the MBTI, a review of work and group communication styles, and focuses on improving group cohesion, communication, and trust.

- **Choose a half day, one or two day training format to assure the results you want in the timeline you have available.**
- **Choose our location or the location of your choice. We bring portable activities to locations worldwide to build collaboration, interaction and hands-on learning.**

Key Learning's:

- Participants will learn to assess people. The Myers-Briggs assessment provides tools to help participants better understand individual differences, with easy-to-read graphic descriptions of reported types, preferences, and characteristics. The information comes in a user-friendly, narrative format, and interprets your MBTI results. Reports support specific goals.
- Apply what they have learned. Additional resources help you better understand your personality type and its relationship to performance, team dynamics, and other topics.

Program Outcomes:

The Myers-Briggs assessment provides tools to help you better understand individual differences, with easy-to-read graphic descriptions of reported types, preferences, and characteristics. Your participants will complete a personal and group action plan to optimize performance together back at work.
